"The God of Heaven will give us success. We, his servants, will start rebuilding." Nehemiah 2:20

July 11-14th, 2018

A Service Project for the youth of Cherokee County

Vision of the Nehemiah Project

The vision of the Nehemiah Project is to foster a passion for godly service in the name of Jesus Christ. By becoming the hands and feet of Christ, youth will experience Jesus through direct service ministry.

In response to the awesome love of Jesus Christ in our lives, we are compelled to share and extend that love by serving others.

Overview The Nehemiah Project is a 4 day event filled with daily worship, dynamic messages and community service. All youth in grades rising 7 through 12 are welcome to serve. Three days of community service will consist of painting homes, repairing and beautifying outdoor community spaces, and simple repair of properties for elderly people in our community.

Each evening will have awesome worship, inspirational speakers, and tons of fun. It is an incredible experience for the youth! The Nehemiah Project will foster the development of a servants' hearts, a love of missions and a network of new friendships among local Christian youth groups.

Support the Nehemiah Project

A project of this magnitude requires a lot of resources in the form of donations and manpower. Every house will require several gallons of paint or expensive roofing supplies.

Also, roofing and construction teams will require skilled volunteers to supervise the work of the youth.

If you are interested in helping this awesome service effort, please mark the appropriate area on this form and send it to the address listed. A

Nehemiah volunteer will call you to confirm the commitment and provide details.

Cost - \$140

The cost should not keep people from the Nehemiah experience. We have drastically reduced our price by cutting cost in some major ways. The result will be a stronger community and just as much fun.

Accommodations

We will be staying in dorms at Reinhardt University. Optional; Each participant will need to bring extra long twin size sheets for the dorm beds. Not optional; Each student will be responsible for their dorm key. If lost, there is a \$200 charge to replace.
